Water Genius!

Zilver Spare Neoperl Mikado Aerator

Item Code : **3383698**

Description:

The new MIKADO aerator (neoperl) turns the water stream into an eye-catcher when washing your hands. The aerator's extraordinary, grid-like stream pattern with its simple beauty will be a source of inspiration for faucet designers.

Features and Benefits

Distinguished stream with delicate lines and a unique spray pattern.

Provides non-splashing, non-aerated spray.

Pressure compensating for constant flow from 20 to 80 psi.

Anti-clogging dome screen filters sediment and particles.

Compatible with regular and vandal proof M22 & M24 metric housings.
