OUR COMMITMENT

ZILVER
CONCETTI ITALIANI

Discover the epitome of modern bathroom solutions with Zilver's multifaceted collection. Our range encompasses versatile faucets, showers, kitchen sinks and faucets, accessories, and bathroom fixtures—offering comprehensive solutions for both public and private spaces.

At Zilver, we redefine bathroom aesthetics by introducing a novel design concept that transforms your space into a sanctuary of relaxation. Our extensive selection of sanitary ware is designed to suit bathrooms of all sizes and styles, from casual to elegant.

Embrace the limitless possibilities of Zilver's organic forms and modular options, turning any space into an artistic masterpiece.

Committed to quality as a core principle, Zilver sources state-of-the-art manufacturing facilities worldwide, ensuring innovative, high-standard products for our customers.

The complete Zilver bathroom range offers a wide array of choices, enabling you to curate a first-rate, aesthetically pleasing, and highly functional bathroom that aligns perfectly with your individual taste and lifestyle. Elevate your bathroom experience with Zilver's unparalleled commitment to excellence in design and quality.

ZILVER
CONCETTI ITALIANI

ZILVER PROMISE

Zilver will provide, free of charge and at its option, replacement part(s) or a replacement product (or a comparable alternative product) for any item proven to be defective in materials or workmanship. Zilver will not be responsible for labor costs, freight or shipping charges, or any damages arising from the use of the product purchased from us. If the product is found to be defective, Zilver's liability is limited to the purchase price of the defective product only. For all warranty claims, proof of purchase (original sales receipt) from the original consumer purchaser must be provided. This warranty is non-transferable and applies only to the original purchaser of the product.

WARRANTY EXCLUSIONS

This warranty applies to normal domestic use only and does not cover defects or damage caused by, or resulting from, misuse, abuse, neglect, accidental damage, or improper installation. The 5-year limited warranty also does not cover the replacement of components damaged due to normal wear and tear. To maintain the product finish, avoid all cleaning products containing ammonia, bleach, or alcohol, as these may damage the surface. Outdoor installation accelerates finish wear, and any outdoor installation will void the warranty.

THE HOME OWNER'S GUIDE TO CARE AND MAINTENANCE FOR YOUR

ZILVER FINISH

All Zilver products carry warranties in accordance with the terms and conditions of these warranties. The factories that manufacture these products set the warranty coverage and limitations.

GENERAL DISCLAIMER

All warranties contained herein, including but not limited to any implied warranty of merchantability or fitness for a particular purpose, are limited in duration to the applicable warranty period set forth above. Some countries do not allow limitations on how long an implied warranty lasts, and some do not allow the exclusion or limitation of incidental or consequential damages; therefore, the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from country to country.

COMMERCIAL WARRANTY

Zilver warrants that its products installed in a commercial application will be free from manufacturing defects for a period of one (1) year from the date of acquisition by the original owner.

MAINTAINING THE EXPERIENCE OF AUTHENTIC LUXURY

The finishing touch of every Zilver product is its exquisite surface, designed to deliver an authentic luxury experience through a distinctively soft, warm, and genuine feel, in comparison to other products.

SMART CHOICE

The Smart Choice of Professionals

Excellent detailing, dynamic design solutions, durable components, compatible hardware, and Zilver quality come together in every product. High-standard, long-lasting components used in Zilver mixers ensure superior, long-term performance and durability, supported by the interchangeability of spare parts.

Plumber Friendly

Zilver mixers are installer-friendly due to their easy installation. The user and installation manuals are designed to support master technicians and skilled craftsmen who are familiar with the trade.

The Ultimate Choice for Home Professionals

Zilver is the ultimate choice for a truly professional home experience—where innovation, efficiency, and elegance redefine your bathroom and kitchen. Our products embody excellence, designed for discerning homeowners who seek the perfect balance

of form and function. Elevate your home with Zilver, where every product is crafted to meet your water needs with unmatched precision, performance, and style.

Strong Brand Awareness

Zilver products are preferred by contractors and engineers for qualified projects due to strong brand awareness, a wide range of product choices, and robust construction. Zilver makes a difference not only through sales but also through reliable after-sales service.

Wide Range For Architects

With new materials, innovative designs, advanced finishes, refined detailing, and modern technologies to control water, Zilver offers more than just product features. Backed by strong support services and a wide product portfolio, Zilver is becoming the preferred choice of architects.

Cleaning & Maintenance Guide

HOW SHOULD I CLEAN OR MAINTAIN THE FINISH ON MY FAUCET?

Wipe your faucet with a damp cloth and mild household cleanser.

1

Dry with a soft cloth to retain luster and shine.

3

Remove hard water stains with a 25/75 solution of white vinegar and water.

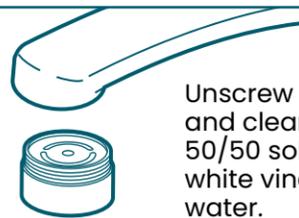

2

Rinse thoroughly with water after cleaning.

4

HOW DO I REMOVE MINERAL DEPOSITS FROM THE AERATOR?

Unscrew the aerator and clean it with a 50/50 solution of white vinegar and water.

1

Flush the aerator with water.

3

Soak the aerator in a 50/50 vinegar and water solution for several hours.

2

Rub stubborn deposits with a toothbrush.

4

AVOID USING STEEL WOOL, DETERGENT OR ACID SUBSTANCES

SHINY CHROME

Color Perfection

The New Physical Vapour Deposition (PVD) Finish

Indulge in the epitome of advanced coating technology with the marvel of PVD (Physical Vapor Deposition). This state-of-the-art method delivers exceptionally smooth and remarkably durable surface finishes, offering unmatched excellence in both appearance and performance.

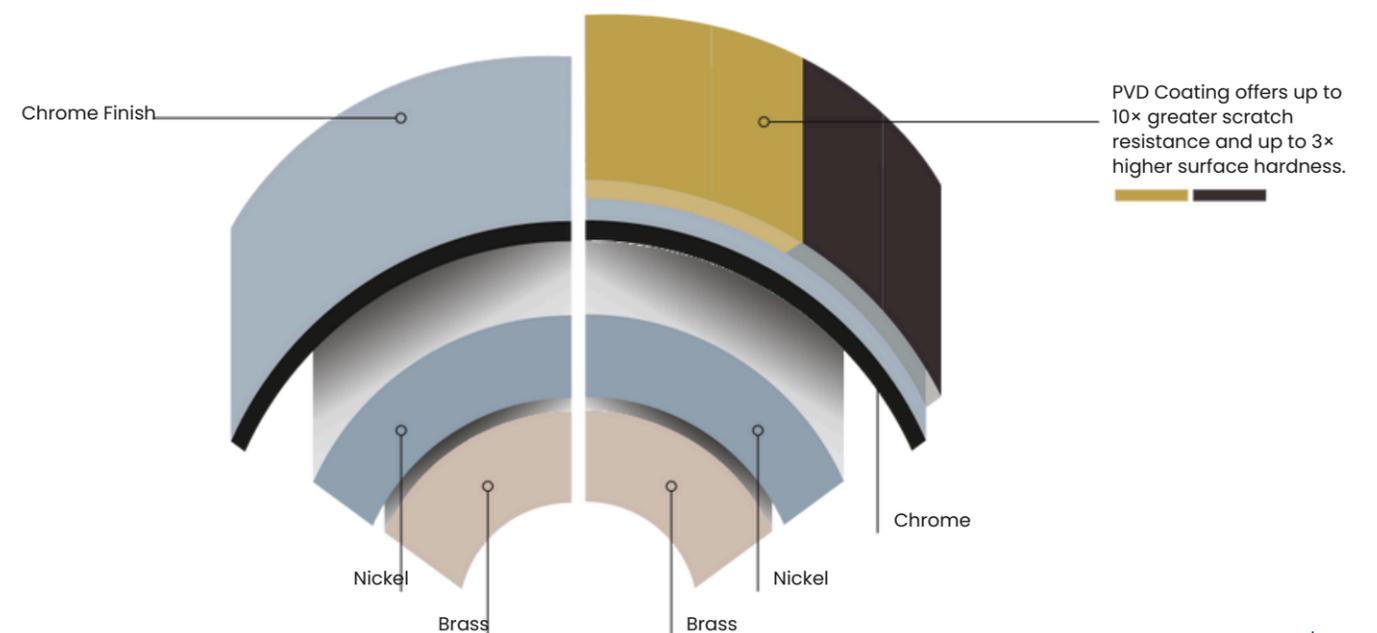

PVD Technology

Unlike conventional colour-coating methods, PVD offers a multitude of benefits, making it the ideal technological upgrade that delivers long-lasting advantages throughout the product's lifetime.

- High corrosion resistance
- High process efficiency, flexibility, and reliability
- Excellent quality reproducibility
- Outstanding wear resistance
- Smooth, uniform coating
- High hardness (harder than steel)
- Eco-friendly process (zero chemical wastage)
- Low-temperature process (product qualities remain unaffected)

Distinctive Artistry Embedded in Each Layer

In contrast to traditional metal surface coating techniques, PVD (Physical Vapor Deposition) operates at an unparalleled atomic scale. Using magnetic sputtering, atoms are released from the coating material and then uniformly condense and bond to the product's surface, forming a flawless finish. This advanced technology requires the use of vacuum chambers and specially engineered rotating trays to ensure precise coating application on every product.

Cliff Series

This basin mixer is beautifully designed and styled, featuring an ultra-modern, sleek look that remains timeless. Crafted from high-quality materials for long-lasting performance, it offers an exceptional chrome finish and durable brass construction. The body design is simple yet elegant, while the pin lever handle is ergonomically shaped to ensure smooth and comfortable daily use. This basin mixer is the perfect addition to complement any bathroom renovation.

Advantages of Sensor Taps Compared to Traditional Hand-Operated Taps

CROSS CONTAMINATION

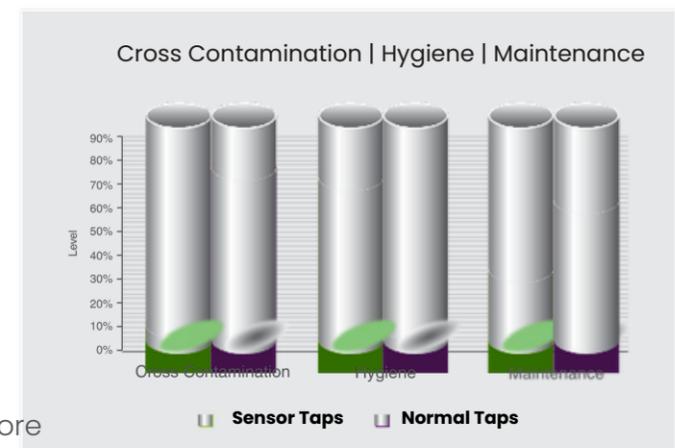

The level of cross-contamination when using a manual tap is significantly higher than with a sensor tap. Traditional taps require users to touch the handle before and after washing their hands, increasing the risk of spreading germs.

HYGIENE

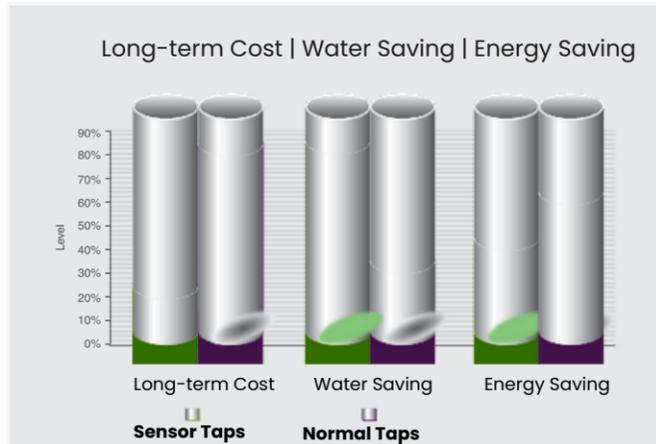

With nothing to reach or touch, sensor taps are more hygienic and promote a germ-free environment. In contrast, manual taps require physical contact, making it easy for germs and dirt to be transferred from the user to the tap and vice versa.

MAINTENANCE

Automatic taps require less maintenance in terms of parts replacement, cleaning, and everyday wear and tear.

Sensor Technology

LONG-TERM COST

Taking water conservation into consideration, which in turn reduces water bills, sensor-activated taps provide greater cost savings in the long term.

WATER SAVING

With sensor taps, water flow is activated and deactivated within 0.5 seconds, helping to reduce unnecessary running water. Sensor taps also do not drip, which is a common issue with manual taps.

ENERGY SAVING

Sensor taps may require slightly more energy to manufacture. However, they reduce water wastage significantly. Less wasted water means less energy is needed for pumping, treatment, and wastewater processing. While the savings may not be obvious immediately, they add up over the long term.

HAND WASHING

Water wastage during handwashing is higher with manual taps. Automatic taps dispense water only when needed and shut off immediately when hands are removed from the sensing zone.

TOOTH BRUSHING

Up to 5 liters per minute can be wasted while brushing teeth if a manual tap is left running. Sensor taps dispense water only when needed and shut off automatically when the user moves away from the infrared sensing zone.

DISHWASHING

It is also common to leave the tap running while doing the dishes. With sensor taps, water is dispensed only when needed.

Sensor Mixer

Sensor Mixer ZY9113

Battery Power Supply, Integrated Side Mixer, Polished Chrome Finish, 1.5 gpm, Aerated Spray, Infrared Sensor, Optima Battery-Powered Deck-Mounted Mid Body Faucet.

Details

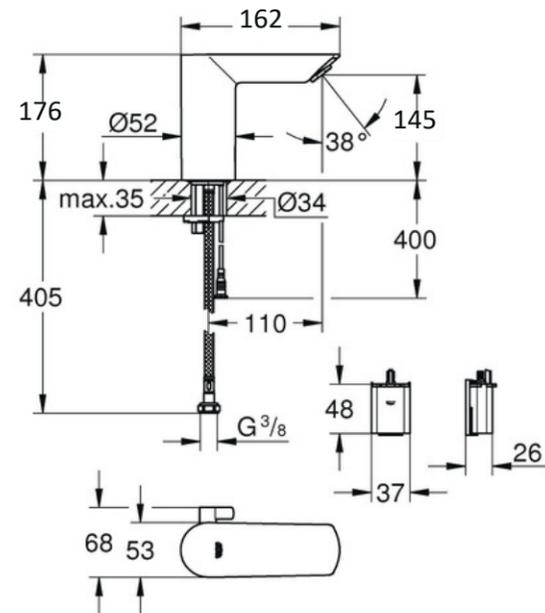

- Flow Rate: 1.5 gpm (6 Lpm) (1.5GPM)
- Spray Type: Aerated (AER)
- Sensor Type: Infrared (IR)
- Mounting Type: Single Hole ()
- Power Supply: Battery and Electric Charge
- Temperature Mixer: Integrated Side Mixer (ISM)
- Finish: Polished Chrome (CP)
- Factory Default Timeout: 30s
- Factory Default GPC

Features

- Brass body
- Minimum pressure
- Sensor Mixer Battery operated
- Brass body
- Flexible connection hose with brass nuts
- Faucet aerator
- Chrome plating 0.2-0.3 µm
- Nickel plating 8- 10 µm
- Minimum pressure: 1 bar
- Solenoid Valve
- Water Supply Connection with Flexible
- High-pressure Hose and Strainer
- 6 CR5 Commercial Battery included
- Appropriate Mounting Hardware included
- Optional 24 Hour Sentinel Activation

Electrical Specifications

- Battery Life: 3 years 8,000 cycles/month
- Optional power harvesting significantly extends service life
- Timeout Settings: 30s

Angle Valve with filter GX4016

Recommended Angle Valve For
Sensor Mixer And Taps

- CONTACTLESS DISPENSING
- SENSOR ACTIVATED
- USER FRIENDLY & ERGONOMIC DESIGN
- MAIN OR BATTERY POWER
- WATER SAVING & HYGIENE

Sensor Mixer

Sensor Mixer ZY9111

Details

- Flow Rate: 1.5 gpm (6 Lpm) (1.5GPM)
- Spray Type: Aerated (AER)
- Sensor Type: Infrared (IR)
- Mounting Type: Single Hole ()
- Power Supply: Battery (BAT)
- Temperature Mixer: Integrated Side Mixer (ISM)
- Finish: Polished Chrome (CP)
- Factory Default Timeout: 30s
- Factory Default GPC: 0.75

Features

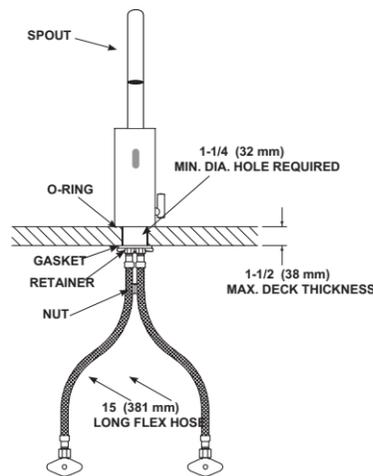

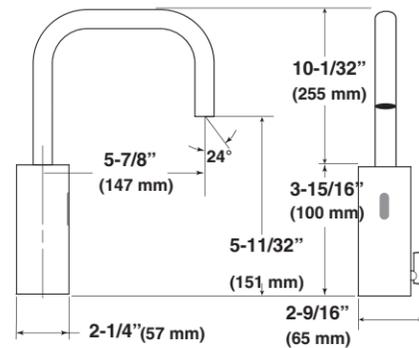

- Brass body
- Minimum pressure
- Sensor Mixer Battery operated (Lithium Battery) Brass body
- Flexible connection hose with brass nuts
- Faucet aerator
- Chrome plating 0.2-0.3 µm
- Nickel plating 8- 10 µm
- Minimum pressure: 1 bar
- Low Battery Indicator
- Magnetic Solenoid Valve
- Water Supply Connection with Flexible
- High-pressure Hose and Strainer
- 6 Volt Lithium 2CR5 Commercial Battery included
- Appropriate Mounting Hardware included
- Optional 24 Hour Sentinel Activation'
- IQ-Click feature permits activation of continuous run and temporary off modes
- Capable of withstanding temporary thermal disinfection shocks up to 80°C /176°F

Electrical Specifications

- Battery Life: 3 years 8,000 cycles/month
- Optional power harvesting significantly extends service life
- Timeout Settings: 30s

Flush Valve

Toilet Flush Valve
GS8016

Features

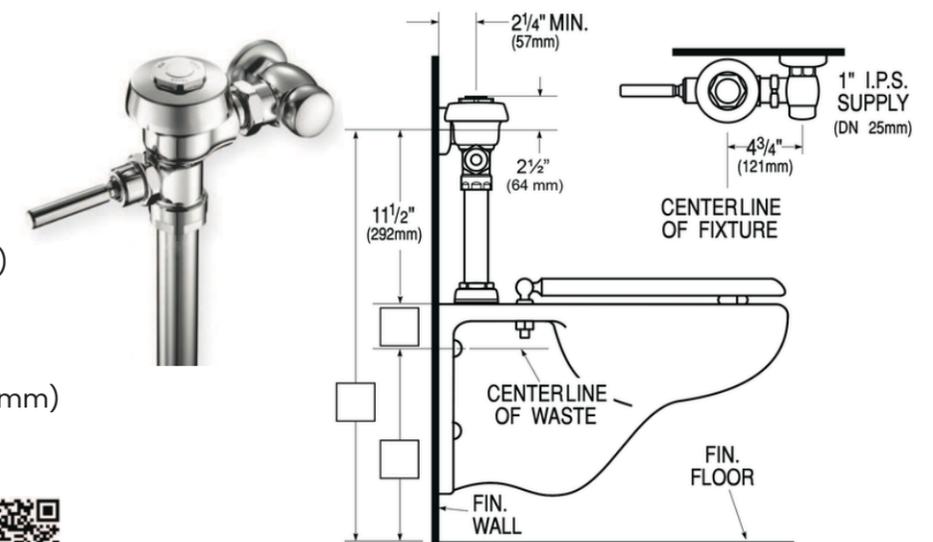

- 1/2" inlet
- 1 1/4" outlet
- Brass Body
- Nickel Plating 8-10 micrometer
- Chrome plating 0.2-0.3 micrometer

Toilet Flush Valve
ZFV005

Features

- 1 inlet
- 1 outlet
- Brass Body
- Chrome plating 0.2-0.3 µm
- Nickel plating 8- 10 µm
- Flush Volume: 1.28 gpf (4.8 Lpf)
- Valve: Diaphragm
- Fixture Type: Water Closet
- Fixture Connection: Top Spud
- Rough-In Dimension: 27" (686mm)
- Spud Coupling: 1 1/2" (38mm)
- Supply Pipe: 1" (25mm)

Flush Valve

Sensor Toilet Flush Valve ZY1999

Features

- Non-touching, infrared induction
- New energy supply voltage: 3.6V
- Stand by power consumption: 3-5UA
- Suitable water pressure: 0.05-0.8mpa
- Flush system without cistern: directly connected to pipework

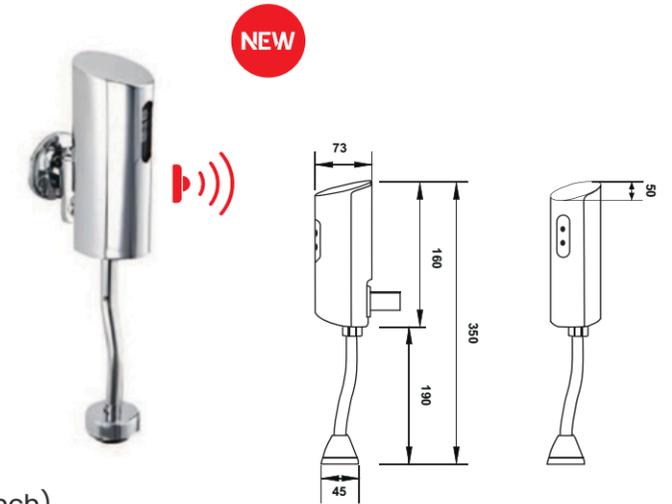

Flush Valve

Sensor Urinal Flush Valve Touchless ZFVU101

Features

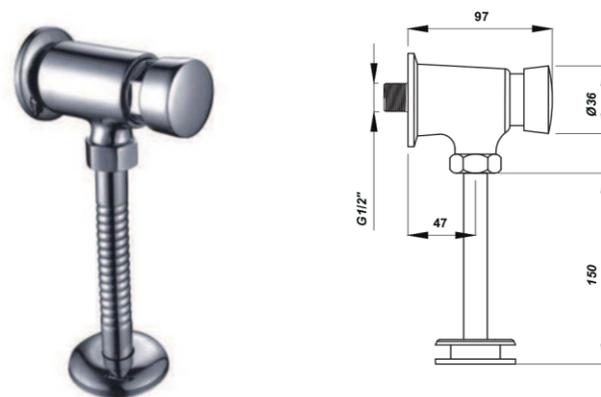

- No unpleasant odors
- Easy installation
- Built-in filter
- Safe against vandal damage
- Voltage: DC 6V
- Power consumption when used: <0.50 mW (DC)
- Working temperature: 0.1 - 55°C
- Usable water pressure: 0.05 - 0.6 MPa recommended 0.1 - 0.3 MPa
- Diameter of inlet pipe 1/2 inch
- Diameter DN15 of the connection pipe: DN15 (G1/2 inch)
- Protection level: IP56
- Water flow during rinsing: 1.2 - 3 L adjustable

Urinal Flush Valve GS5210

Features

- 1/2" inlet
- 16 mm outlet
- Brass Body
- Nickel Plating 8-10 micrometer
- Chrome plating 0.2-0.3 micrometer

Concealed Sensor Urinal Flush Valve ZY1067

Features

- Single chip microcomputer design
- Automatic induction
- Two-stage washing & watersaving
- Four No. 5 alkaline batteries are used 100times
- Stainless steel design with handle
- Stainless steel box with all copper solenoid valve
- Adjusted automatically within 30-70 cm as required

Hospital Mixer

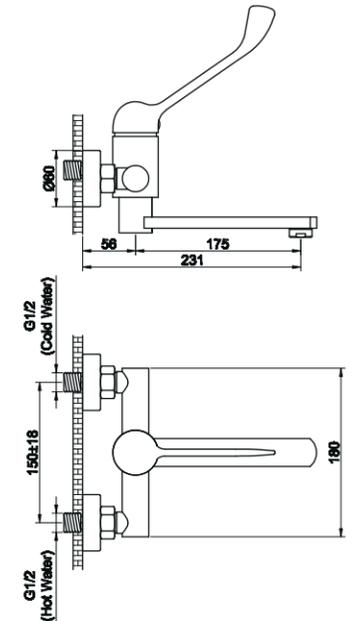

Introducing Zilver's Hospital Mixers – where functionality meets flawless design, setting a new standard for public and medical spaces. Crafted with precision and engineered for perfection, these mixers offer a professional solution tailored for medical applications and accessibility for the handicapped.

Hospital Mixer

Elbow Action Faucet Wall Mounted UB001

Features

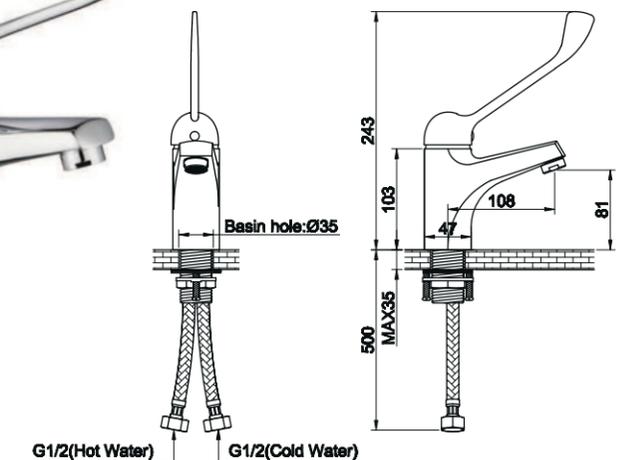

- Wall Mounted
- Chrome Plated
- Suitable for use by handicapped.
- Suitable for use by elbow and medical applications.

Elbow Action Faucet Sink Mounted UB002

Features

- Sink Mounted
- Chrome Plated
- Suitable for use by handicapped.
- Suitable for use by elbow and medical applications.

Hospital Accessories

Eye Wash Kit Station ZEW001

Features

- Multi-Angle Rotation
- Easily Activated
- Safety Material - Brass / Chrome Plated
- Easy Installation

360° DEGREE
The swivel sink faucet aerator can be rotated 360 Degree

SOFT BUBBLE
High quality filter parts brings cleaner water

BRASS MADE
Made of brass, smooth surface and chrome-plated

NEW

NORMAL MODE
Retain the Normal Function of you Sink, Suitable for Cleaning and Rinsing

DIVERTER
Diverter System activates the eyewash device function with the flip of a lever

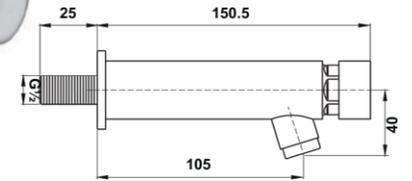

EYEWASH MODE
The Water Has Soft Bubble Stream, Concentrate and Gentle

Self Closing Tap

Self Closing Tap Wall Type GS1412

Features

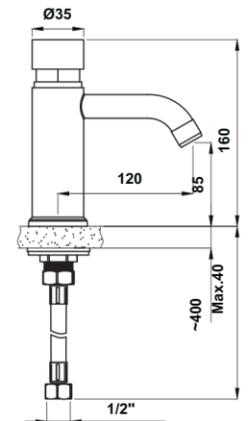

- Metal handle
- Maximum working pressure 3bar
- Minimum working pressure 0.1bar
- Time of water flow 0 to 16sec
- Single hole mounted
- With S point aerator
- Finishes: chrome plated

Sink Mounted Self Closing Tap GS1119

Features

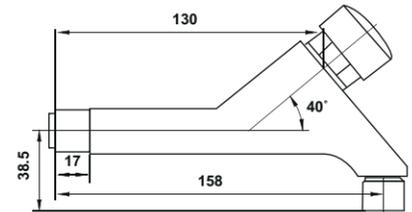

- Brass Body Chrome plating 0.2-0.3 micrometer
- Nickel Plating 8-10 micrometer

Self Closing Tap GS1102

Features

- Zinc Head Brass Body Chrome plating 0.2-0.3 micrometer
- Nickel Plating 8-10 micrometer

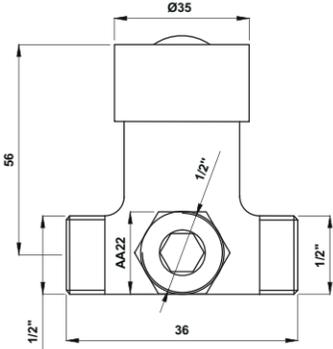

Mixing Valve

Additional Mixing Valve TWS002

Features

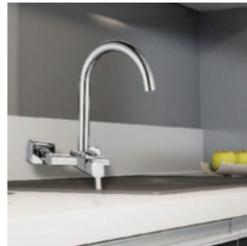

- Brass body
- Chrome plating 0.2-0.3 µm
- Nickel plating 8- 10 µm

Kitchen Mixer

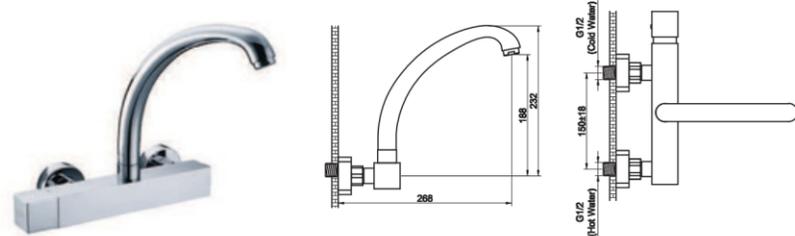

Explore the epitome of kitchen sophistication with Zilver, where our commitment to craftsmanship and innovation transforms the ordinary into the extraordinary. Our extensive range of kitchen faucets caters to discerning tastes, offering a diverse selection of styles and configurations, each meticulously designed with thoughtful features and aesthetic charm.

Wall Mounted Mixer

Single Lever Wall Mounted Mixer EFB901

Features

- Faucet aerator for water saving
- Single Lever handle
- Chrome plating 0.2- 0.3 µm
- Nickel plating 8 to 10 µm
- Brass body & neck
- Recommended pressure:
0.1mpa/14.5psi/1 bar

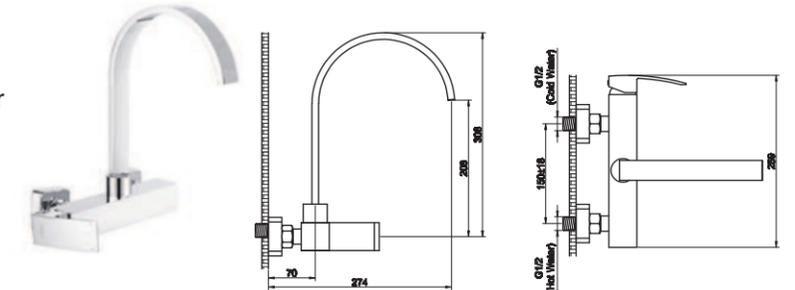

Wall Mounted Mixer

Single Lever Wall Mounted EFB902

Features

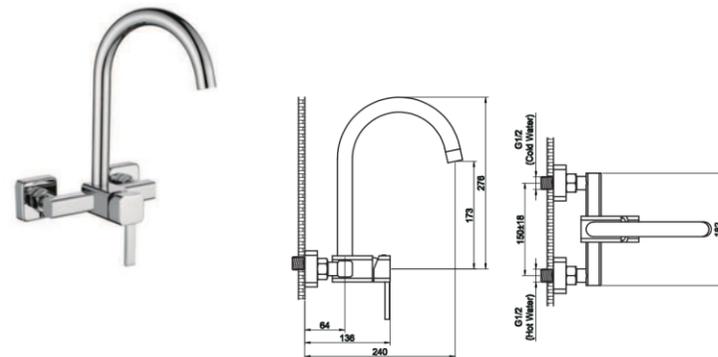

- Chrome plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Minimum pressure 0.1 mpa/ 14.5psi/ 1bar
- Faucet aerator Zinc alloy
- Handle Brass Body

Single Lever Wall Mounted Mixer GX9715

Features

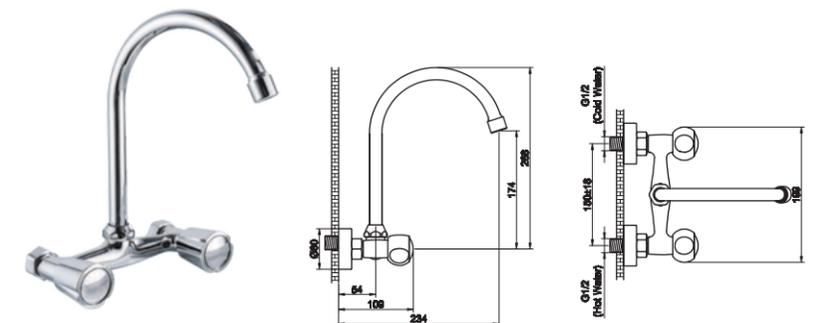

- Chrome plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Minimum pressure:
0.1 mpa/ 14.5psi/ 1bar
- Faucet aerator Zinc Alloy
- Handle Brass Body

Double Knob Wall Mounted GX9115

Features

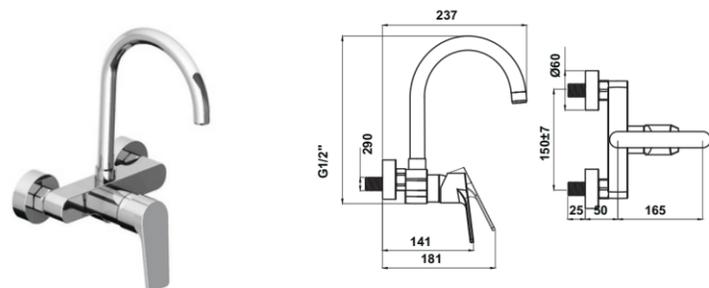

- Chrome Plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Minimum pressure:
0.1 mpa/ 14.5psi/ 1bar
- Faucet Aerator Zinc Alloy
- Handle Brass Body

Single Lever Wall Mounted Mixer GX9915T

Features

- Faucet aerator for water saving
- Single Lever handle
- Brass body & neck
- Chrome plating 0.2- 0.3 µm
- Nickel plating 8 to 10 µm
- Recommended pressure:
0.1mpa/14.5psi/1 bar

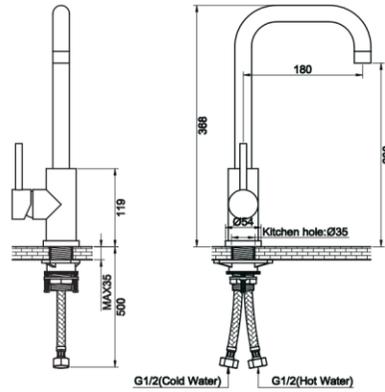

Wall Mounted Mixer

Stainless Steel Sink Mixer CL400S

Features

- For Single Hole Installation
- Cartridge: 35 mm
- Faucet Aerator
- Stainless Steel handle
- Minimum pressure:
0.1 mpa/ 14.5psi/ 1bar

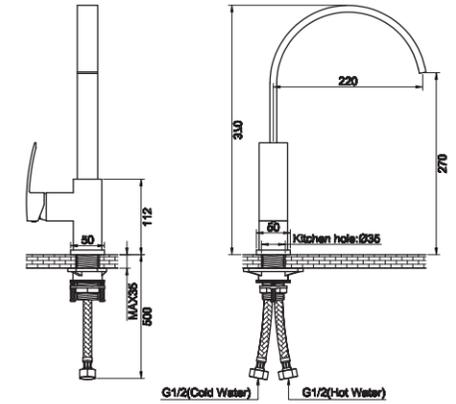

Sink Mounted Mixer

Sink Mounted Mixer BSB1286

Features

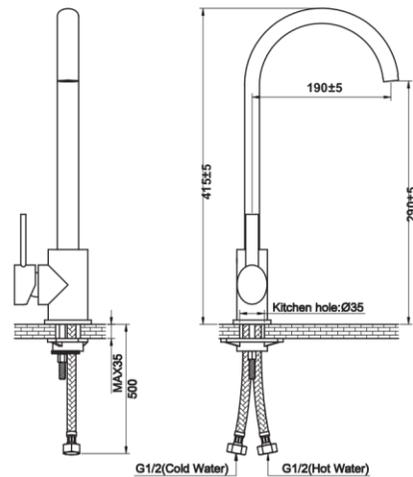

- For single hole installation
- Cartridge: 35 mm Ceramic
- Flexible connection hoses with brass nut
- Min. pressure 0.1 mpa/ 14.5psi/ 1bar
- Chrome plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Faucet Aerator

Stainless Steel Sink Mixer CL400W

Features

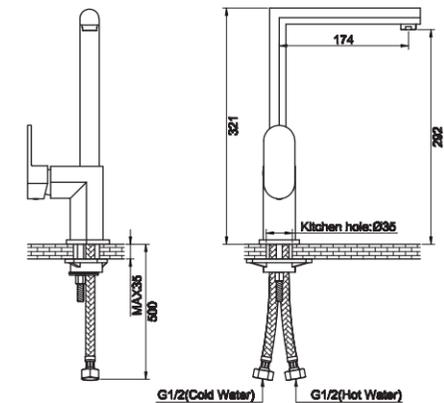

- For single hole installation
- Minimum pressure:
0.1 mpa/ 14.5psi/ 1bar
- Cartridge: 35 mm
- Faucet Aerator
- Stainless Steel handle

Sink Mounted Mixer EFR501

Features

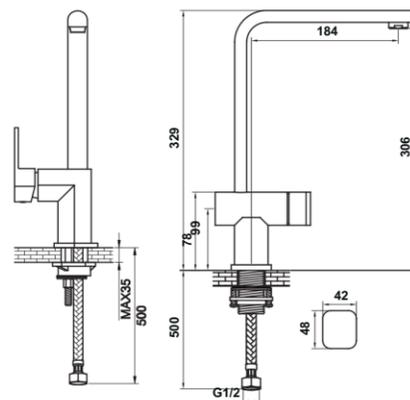

- Cartridge: 35 mm
- Minimum pressure:
0.1 mpa/ 14.5psi/ 1bar
- Brass Body
- Zinc Alloy Handle
- Chrome plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Faucet Aerator

Sink Mounted Mixer PLB1223

Features

- Cartridge: 35 mm
- Minimum pressure
0.1 mpa/ 14.5psi/ 1bar
- Brass Body, Zinc
- Alloy Handle
- Chrome plating 0.2-0.3 µm
- Nickel Plating 8-10 µm
- Faucet Aerator

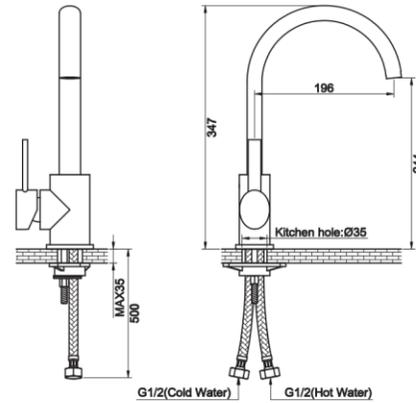

Sink Mounted Mixer

Sink Mounted Mixer

Stainless Steel Sink Mounted Mixer AM400

Features

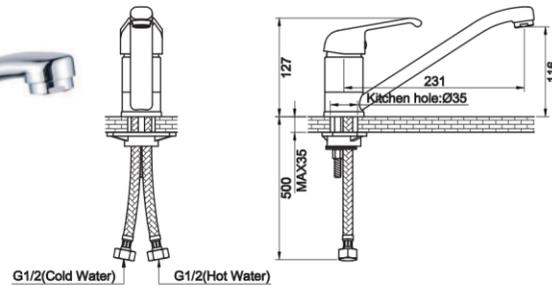

- For single hole installation
- Cartridge: 35 mm
- Flexible connection
- Hoses with brass nut
- Min. pressure:
0.1 mpa/ 14.5psi/ 1bar
- Faucet Aerator
- Stainless Steel handle

Sink Mounted Mixer EC005B

Features

- For single hole installation
- Cartridge: 35 mm
- Flexible connection
- Hoses with brass nut
- Min. pressure:
0.1 mpa/ 14.5psi/ 1bar
- Brass body &
- Heavy neck
- Faucet Aerator

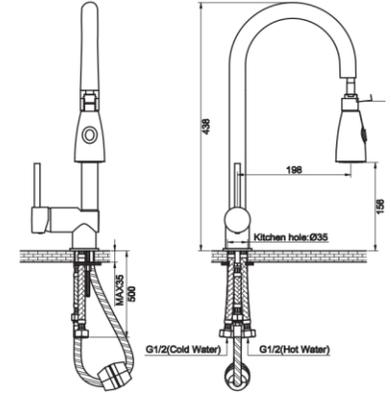

Sink Mounted Pullout Mixer

Sink Mounted Pullout Mixer PL421S

Features

Kitchen Sink

In the tapestry of contemporary interiors, the kitchen stands as the focal point—the beating heart of every home—where family bonds intertwine. At Zilver, we present a collection of sinks meticulously designed to align your kitchen with the latest trends in both form and function.

Kitchen Sink

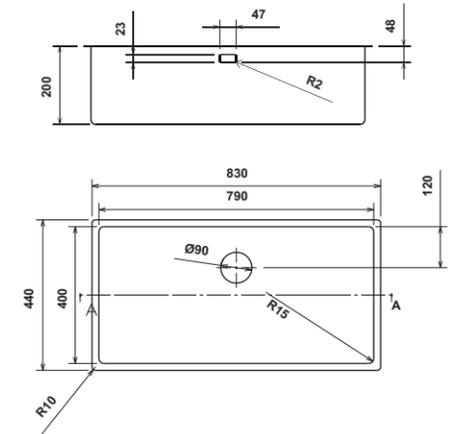

Single Bowl Kitchen Sink VIENNA1200PLUS

Features

- Thickness : 1.0 mm
- Material : SUS 304
- Depth : 200 mm (8 inches)
- Size : (L) 830 mm (32.5 inches)
(W) 440 mm (17.5 inches)
- Surface : Matt

Accessories Include

- 1 Waste set
- 2 Clips + Seal

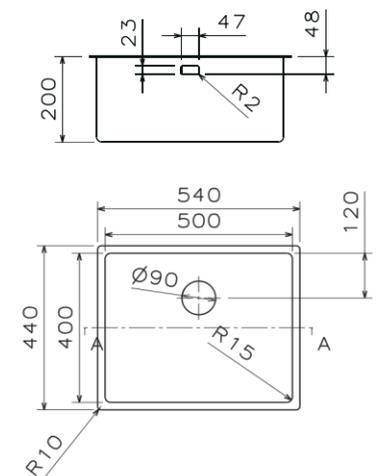

Single Bowl Kitchen Sink VIENNA1200T

Features

- Thickness : 1.0 mm
- Material : SUS 303
- Depth : 200 mm (8 inches)
- Size : (L) 540 mm (21 inches),
(W) 440 mm (17.5 inches)
- Surface : Matt

Accessories Include

- 1 Waste set
- 2 Clips + Seal

Kitchen Sink

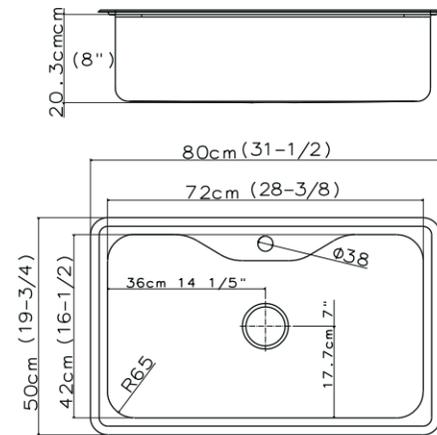

Single Bowl Sink JUMBO2T

Features

- Thickness : 0.81mm
- Material : SUS 304
- Depth : 254mm (10 inches)
- Size : (L) 812.8mm (32 inches)
(W)482.6mm (19 inches)
- Surface : Polish

Accessories included:

- 1 Waste set
- 2 Clips + Seal

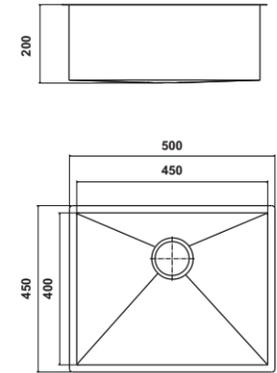

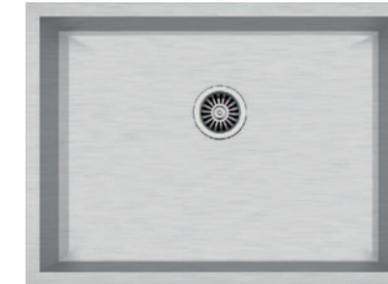

Single Bowl Kitchen Sink SYDNEY005

Features

- Thickness : 0.81 mm
- Material: SUS 304
- Depth: 200 mm
- Surface: polish
- Size : (L) 500 mm (20 inches)
(W) 450 mm (18 inches)

Accessories Include

- 1 Waste set
- 2 Clips + Seal

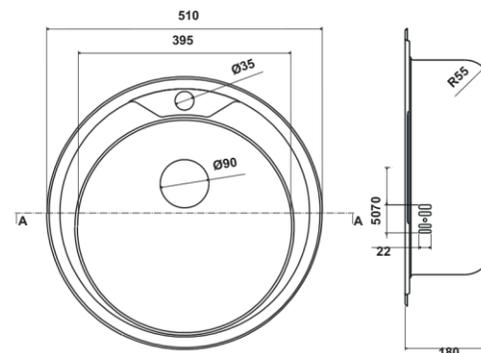

Round Bowl Kitchen Sink MADRID1400

Features

- Thickness : 0.8mm
- Material : SUS 304
- Depth : 180mm (7.5 inches)
- Size : 510mm (20 inches)
- Surface : Polish

Accessories Include

- Waste set
- 2 clip sets

Hand Made Kitchen Sinks

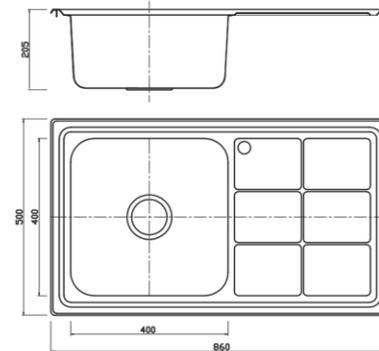

Single Bowl Tray Kitchen Sink OSLO1000T

Features

- Thickness : 0.8 mm
- Material : SUS 304
- Depth : 205 mm (8 inches)
- Size : (L) 860 mm (34 inches), (W) 500 mm (20 inches)
- Surface : Matt

Accessories Include

- 1 Waste set
- 2 Clips + Seal

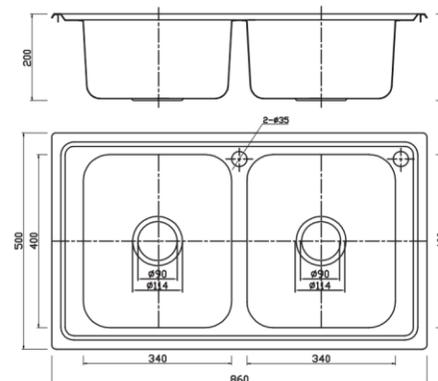

Double Bowl Kitchen Sink OSLO2000T

Features

- Zilver Double
- Bowl Sink
- Thickness : 0.8 mm
- Material : SUS 304
- Depth : 200 mm (8 inches)
- Size : (L) 860 mm (34 inches) (W) 500 mm (20 inches)
- Surface : Matt

Accessories Include

- 1 Waste set
- 2 Clips + Seal

Rain Shower

Simple design (whole piece of jet nozzles in silicone) with self cleaning function. Dirt removal with gentle rubbing.

Excellent quality jet nozzles in silicone, not easily to be broken by tearing.

Safety, special strengthening device with be 玲 玲 er screw joint but easy for cleaning.

Unity height of jet nozzles gives better design outlook.

Having rich three dimension sense at edge design.

Ultra slim thickness of only 6 mm.

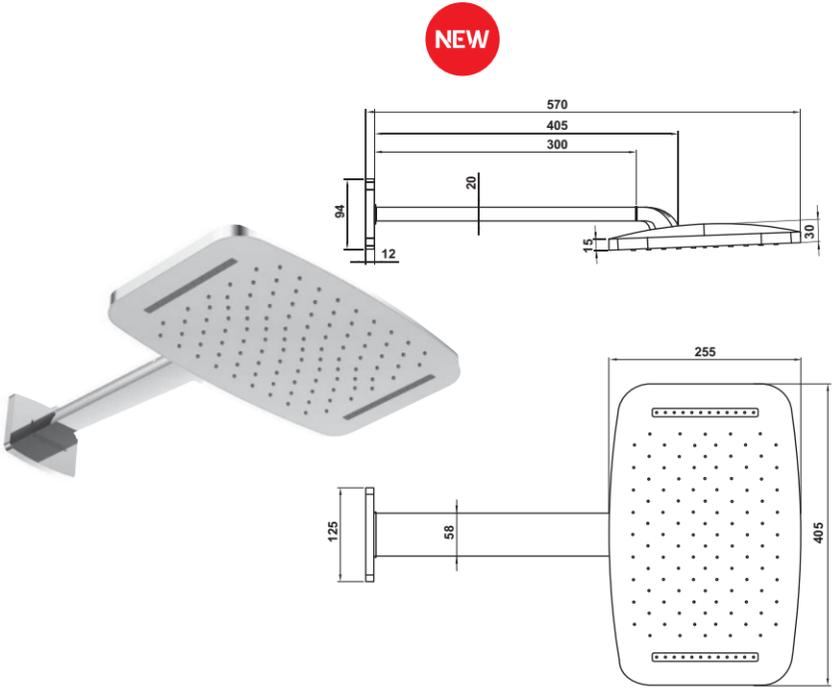

Elevate your bathing experience with Zilver Rain Shower where every drop is an opportunity to save, conserve, and indulge in a shower that aligns with the principles of sustainable luxury. Choose Zilver for a future where environmental responsibility seamlessly integrates with unparalleled shower enjoyment.

Luxury Shower

Wall Rain Overhead Shower SOS16011

Features

- Size: 570 mm x 405 mm x 94 mm
- Material: S/S 304
- Chrome plating: 0.2-0.25 µm
- Matte finish
- Wall mounted shower arm
- Standard thread: H(F) 1/2
- Light grey 104
- Flexible water outlets (for anti-limescale cleaning)

Rain Shower ZUFO

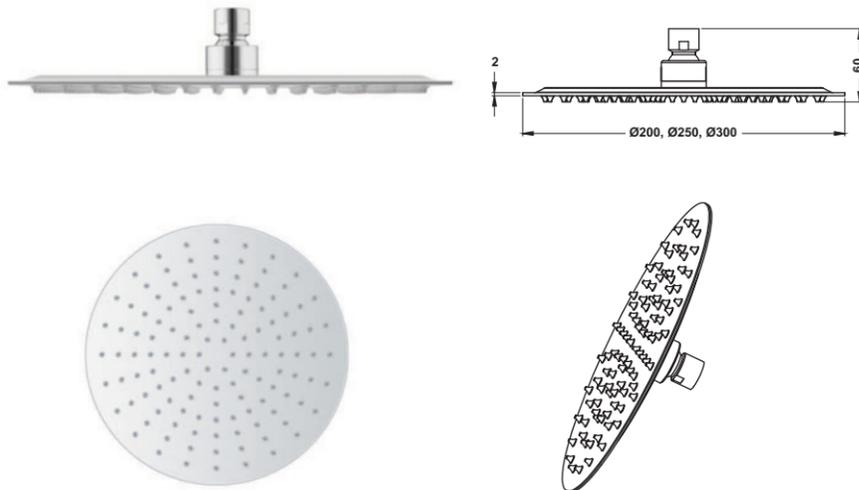

This new range of Stainless Steel Rain Showers offers a generous rain shower experience, with sizes up to 300 mm. Each shower is defined by an ultra-slim 2 mm profile, adding an attractive architectural touch to the range.

Rain Shower ZUFO

Round Rain Overhead Shower ZUFO11/ ZUFO12/ZUFO13

Features

- Zufo 11: Size 200 mm (8" dia)
- Zufo 12: Size 250 mm (10" dia)
- Zufo 13: Size 300 mm (12" dia)
- Material: S/S 304
- Finish Polished
- Chrome plating: 0.2-0.25 μm
- Low pressure workable
- Stainless steel back cover
- Standard thread: H(F) 1/2
- Flexible water outlets (for anti-limescale cleaning)

Cleaning & Maintenance Guide

Water Closets

SCRUBBING THE TOILET BOWL

Use a multi-surface chemical cleaner.

Allow the cleaning solution to sit for 5-10 minutes.

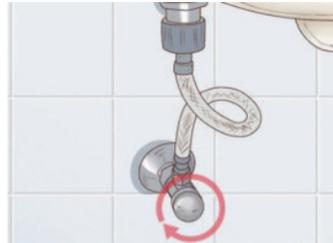

Scrub the inside of the bowl thoroughly.

Flush the toilet to rinse it clean.

CLEARING OUT THE SIPHON JETS

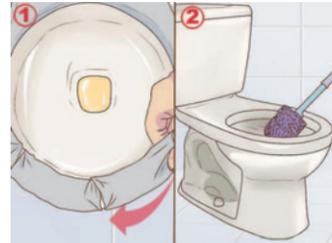

Turn off the water to your toilet.

Place duct tape around the rim of the toilet bowl.

Fill the toilet tank with vinegar.

Flush the toilet & Remove the tape and scrub the jets.

MAINTAINING A CLEAN TOILET BOWL

Direct & squeeze nozzle of toilet cleaner under toilet rim.

Leave for 15 minutes for best Scrub with a toilet brush and result.

Flush the tank.

Disinfect and replace the brush.

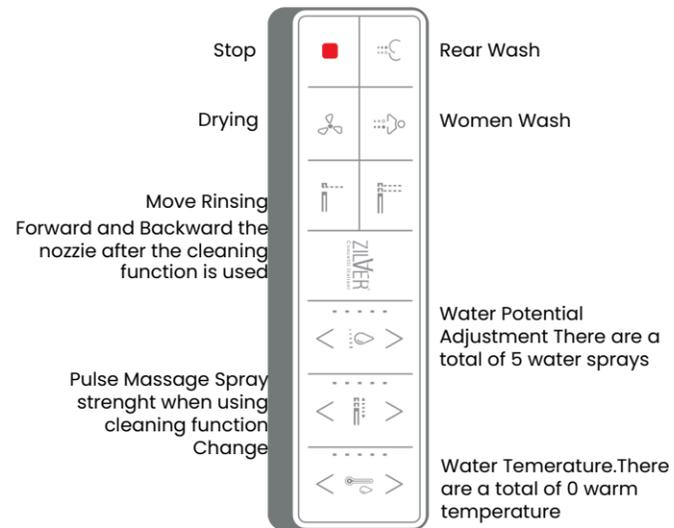

Discover a new standard of sophistication with Zilver Water Closets. Crafted for those who seek more than a bathroom fixture—an icon of modern living. Our collection seamlessly combines durability, a silky-smooth finish, and intelligent design to redefine your bathroom space.

Tornado Flush Toilet

EXPERIENCE UNMATCHED HYGIENE WITH
TORNADO FLUSH TOILETS

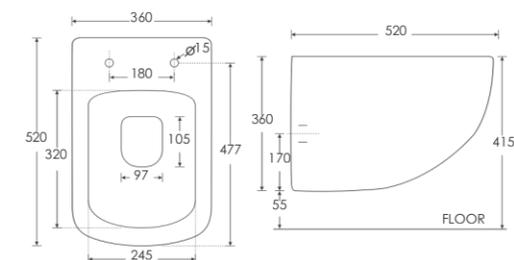

Say goodbye to traditional toilets and embrace the future of hygiene with our Tornado Flush Toilets. The rimless design eliminates hard-to-reach areas where dirt and germs can hide—delivering a toilet that's as attractive as it is exceptionally hygienic. Cleaning is effortless thanks to the Cefiontect glaze. This advanced coating creates a smooth, non-porous surface that helps repel grime and stains, supporting long-lasting cleanliness while reducing the time and effort required for maintenance. Our Tornado Flush Toilets go further with a 360° flushing system. This innovative technology reaches every area of the rimless bowl, helping prevent waste and bacteria from settling in hidden corners. The result is a bathroom that looks refined—and stays impeccably clean. Upgrade your bathroom with Tornado Flush Toilets—where cutting-edge design meets elevated hygiene. Make the switch today for a smarter blend of style, easy care, and lasting freshness.
